HUMAN RESOURCE POLICIES AND PROCEDURES

Introduction

The policies and procedure contained herein are supplied for the sole purpose of informing employees about Omega Alpha Academy's (at times referred to herein as Company, the "academy", "OAA", and "Omega Alpha") current employment policies. They are not promises. They are not contract terms. They are subject to change at any time by OAA. OAA expressly reserves the right to modify, delete or add policies if it determines that it is in the best interest of the academy to do so. For this reason, they should not be relied upon as a guarantee of any particular benefit to employees. They are not part of any employment contract between Omega Alpha and its employees.

All Omega Alpha employees are employed at-will unless they have an express written contract signed by the Director of the academy that identifies a specific term (meaning length) of employment. As at-will employees, all Omega Alpha employees may resign their employment at any time without notice and without reason or justification. Similarly, Omega Alpha may terminate the employment of any employee at any time without notice and for any reason not prohibited by law, or for no reason. Only Director/Principal Jose Frisby ("Director") of the academy has authority to create a different employment agreement. Any such agreement must be in writing and signed by the academy Director. Employees should not rely, therefore, on statements made by supervisors or others concerning the nature of their employment relationship with Omega Alpha. Employees that have concerns about the nature of the employment relationship should discuss those concerns with the Director.

If we can be of assistance at any time in personnel policy interpretation, feel free to contact the Administration at 805-1261 Ext. 203.

Jose Frisby
Executive Director/Principal

EQUAL EMPLOYMENT OPPORTUNITIES

Omega Alpha is an equal opportunity employer, and its policies, procedures and personnel programs are administered without regard to race, color, religion, national origin, ancestry, age, physical or mental disability (or the perception of such disability), medical condition, pregnancy, marital status, sex, sexual orientation, gender identity, military or veteran's status or any other legally protected status. Omega Alpha prohibits the harassment of any individual on any of these factors. This policy applies to recruitment and placement, promotion, transfer, retention, termination, compensation and benefits, as well as to all other privileges, personnel programs, policies and matters of employment.

Employees that have been harassed or discriminated against or that have knowledge of discrimination or harassment, should immediately discuss the matter with any supervisor or the Director of the academy. Omega Alpha welcomes and appreciates any employee concerns regarding allegations of discrimination or harassment and employees will not be retaliated against for making a report of such conduct. Employees who make discriminatory, harassing, or inappropriate remarks or who unlawfully discriminate against employees will be subject to discipline, up to and including discharge.

Please refer to Policy B1, Harassment Free Workplace, in this handbook. Any employee having any questions regarding this policy should discuss them with your supervisor or the Director.

Mission Statement:

The mission of Omega Alpha Academy is to prepare students for college and career readiness by engaging every student in a rigorous learning environment. The annual assessment test, such as Galileo, will be measured by showing an increase of 3% on overall performance growth.

Our Philosophy

- **A student is the most important person in any school.**
- **A student is not an interruption of our work – he or she is the purpose of it.**
- **A student is not just a statistic. He or she is a flesh-and-blood human being with feelings and emotions like ourselves.**
- **A student is one who comes to us with needs and/or wants. It is our job to fill them.**
- **A student is the lifeblood of this and every other school. Without him or her, we would have to close our doors.**

Belief Statements

The Omega Alpha Academy community believes:

1. Education is the shared responsibility between Omega Alpha Academy and students, parents and/or guardians, and the community.
2. All students have abilities and learning styles unique to them, and all students can succeed if given the chance and proper encouragement.
3. The best curriculum is a comprehensive curriculum that addresses core subjects. Our commitment is to the mastery of reading, writing, and arithmetic.
4. Technology supports instruction, enhances the education program, and is an integral part of today's world.
5. A safe, positive environment supports learning.
6. It is possible to hold students to high standards of achievement in academics, behavior, and attendance if we provide support to help their endeavor.

POLICY & PROCEDURE

SUBJECT: Employee Classifications	NUMBER: A1
	ORIGINAL DATE:
	REVISION DATE: August 2019

There are four employee classifications. Benefits available to employees depend upon these classifications. These classifications apply regardless of eligibility for overtime, or frequency of wage/salary payment. The four classifications are:

Regular full-time employee: This category applies to employees that are hired directly by Omega Alpha and are scheduled to work 36 or more hours per week.

Regular part-time employee: This category applies to employees that are hired directly to Omega Alpha and are scheduled to work less than 36 hours per week.

Contingent full-time employee: This category applies to employees that are employed through an employee leasing or temporary employment agency or hired on a seasonal or short term contract basis and scheduled to work 36 or more hours per week.

Contingent part-time employee: This category applies to employees that are employed through an employee leasing or temporary employment agency or hired on a seasonal or short term contract basis and scheduled to work less than 36 hours per week.

POLICY & PROCEDURE

SUBJECT: Compliance with Wage and Hour Laws	NUMBER: A2
	ORIGINAL DATE:
	REVISION DATE: August 2019

Omega Alpha complies with federal and state minimum wage and overtime pay laws. Under these laws, employees are classified as either Exempt or Non-exempt. Exempt employees are not eligible for overtime pay, and in some cases, may be paid less than minimum wage.

Exempt employees include executive, administrative, professional and outside sales employees. The law also exempts certain computer employees. To qualify for an exemption, employees must perform exempt job duties and generally must be paid on a salary basis.

Salary Basis

Being paid on a “salary basis” means the employee regularly receives a predetermined amount of compensation each pay period. However, employees need not be paid for any workweek in which they perform no work and deductions from salary are permissible in the following circumstances:

- When an employee is absent from work for one or more full days for personal reasons other than sickness or disability;
- When an employee is absent for one or more days due to sickness or disability and employee has not qualified for sick or vacation [PTO] pay or has exhausted that pay;
- To offset amounts an employee receives as jury or witness fees, or for military pay;
- For unpaid disciplinary suspensions of one or more full days imposed for workplace rule infractions; or
- For penalties imposed in good faith for infractions of safety rules of major significance.

Also, Omega Alpha is not required to pay the full salary in the initial or terminal week of employment or during weeks in which an exempt employee takes unpaid FMLA leave.

What To Do If An Improper Deduction Occurs

If you believe that an improper deduction has been made to your salary, you should immediately report this information to your direct supervisor, or to the Director. Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has occurred, you will be promptly reimbursed for any improper deduction made.

POLICY & PROCEDURE

SUBJECT: Work Hours and Exchanging Shifts	NUMBER: A3
	ORIGINAL DATE:
	REVISION DATE: August 2019

The basic work week consists of the hours employees are scheduled to work by their supervisor during a defined period of seven consecutive 24 hour periods. The work week is Sunday through Saturday. All hours worked by non-exempt employees must be recorded on a weekly basis. Time off, with or without pay, must be recorded for all employees.

Work hours, meal times, and breaks are scheduled according to Omega Alpha’s business needs. Employees should arrive for work prepared to begin work when their shift begins and should leave Omega Alpha’s property at the end of their scheduled work period. **Employees should not report to work more than 5 minutes early or stay more than 5 minutes late**, without prior supervisory approval. Employees should not enter or remain in a working area unless they are scheduled for work.

On Campus Policy

Employees should not arrive on campus prior to 6:30 a.m., and all employees must leave campus no later than 5:00 p.m. Exceptions to this policy must be approved in writing by the Principal or any higher authority. The purpose of this policy is to ensure the administration is aware of your presence on campus. It is prohibited for employees to be on campus on days when there is no school (holidays, weekends, etc.) without prior written approval.

POLICY & PROCEDURE

SUBJECT: Time Worked and Time Keeping Records	NUMBER: A4
	ORIGINAL DATE:
	REVISION DATE: August 2019

The accurate recording of time worked and time off is required by law for non-exempt employees. Omega Alpha will round all time entries up or down to the nearest quarter-hour. All payroll records are kept by Omega Alpha for at least four years.

Non-exempt employees must comply with the following time card rules:

1. The time card is an official record and is Omega Alpha property.
2. It must be signed by the employee and reviewed and initialed by a supervisor before it is submitted to payroll.
3. Time cards must reflect the hours worked each day, paid time off and unpaid time off for each work week. Non-exempt employees must punch in and out every day they are at work.
4. Pay is calculated based on time card entries, so accuracy is very important.
5. Employees make entries on their own time card. No one may make entries on another employee's time card. Employees may not punch in or punch out for each other.
6. Employees may not volunteer to work without pay or work when they are not "on the clock."

Exempt employees do not need to record actual hours worked, however they are asked to document paid sick leave when it is taken.

Employees are not permitted to exchange shifts with another employee or otherwise alter the work schedule without prior authorization of both supervisors involved.

POLICY & PROCEDURE

SUBJECT: Overtime Policies and Payment	NUMBER: A5
	ORIGINAL DATE:
	REVISION DATE: August 2019

Periodically, employees may be asked to work overtime. Overtime work by non-exempt employees must be approved in advance by a supervisor. All regular and overtime hours worked by non-exempt employees must be recorded on a time card.

Paid time off and leaves of absence do not count as hours worked for the purpose of computing overtime pay during a particular work week.

Work in excess of 40 hours per week by non-exempt employees is paid at time and one-half the regular rate. For non-exempt salaried employees, the regular rate is determined by taking the employee's weekly salary and dividing it by the total number of hours the employee is scheduled to work each week. Overtime for non-exempt salaried employees will be paid on a "half-time" basis, meaning that non-exempt salaried employees will receive an additional one-half their regular rate for all hours worked in excess of 40 per week.

Hours cannot be accrued, banked or averaged from one week to another. Also, in no case may non-exempt employees take compensatory time off in a following week in lieu of overtime pay. If employees believe that they have not been paid overtime earned, they should let their supervisor know immediately after receiving their pay check.

POLICY & PROCEDURE

SUBJECT: Pay Periods and Pay Days	NUMBER: A6
	ORIGINAL DATE:
	REVISION DATE: August 2019

Omega Alpha pays wages twice a month on the 5th and 20th of the month. If a pay-day falls on a Saturday, Sunday or work holiday, employees will be paid the prior Friday. Employees may pick up checks from their supervisors after 10:00 a.m. Direct deposit is available and recommended.

Omega Alpha will not make payroll advances to any employee.

Employees who are discharged will be paid final wages within three working days or on the next regular payday, whichever is sooner. Employees who resign will be paid no later than the next regular payday.

POLICY & PROCEDURE

SUBJECT: Payroll Deductions	NUMBER: A7
	ORIGINAL DATE:
	REVISION DATE: August 2019

Paychecks include a statement of earnings for the pay period, and a summary of mandatory, allowed, and voluntary deductions from pay.

Mandatory deductions include Federal income tax and FICA (Social Security taxes), as well as State income taxes. FICA deductions constitute half of the contribution made in an employee's name and social security number. Omega Alpha contributes the other half.

Other mandatory deductions may include wage garnishments and/or child support payments. These are court-ordered deductions and, therefore, must be taken out of paychecks by Omega Alpha when ordered to do so. Omega Alpha may charge a processing fee, as allowed by law, for such deductions.

Allowed deductions include those an employee has authorized in writing, such as the deductions authorized by Acknowledgment D to these policies, or deductions made because there is a reasonable good faith dispute as to the amount of wages due, including the amount of any counterclaim or any claim of debt, reimbursement, or set off against the employee.

Voluntary deductions include elective programs that employees sign up for and contribute to, such as group health insurance, dental insurance, etc.

Federal and State withholding taxes can be changed at any time, by completing a new form.

Personal Information Update

Employees are responsible for verifying a Personal Information Update Sheet and updating the academy whenever there are any changes to an employee's address, phone number, etc.

POLICY & PROCEDURE

SUBJECT: Wages	NUMBER: A8
	ORIGINAL DATE:
	REVISION DATE: August 2019

Wages are established on an individual basis and are based upon a number of factors including an employee’s overall contribution to the academy. Omega Alpha will consider an employee’s education, experience, qualifications, performance and other job-related factors when establishing or modifying wages. Omega Alpha may increase or decrease wages as business needs or employee performance change.

Omega Alpha has established a pay scale for employees and will generally pay employees according to the pay scale. Deviations from the pay scale must be approved by OAA.

POLICY & PROCEDURE

SUBJECT: Business Expenses	NUMBER: A9
	ORIGINAL DATE:
	REVISION DATE: August 2019

In order to provide guidelines for the reimbursement of business expenses incurred by Omega Alpha employees and to minimize the cost of business travel expenses, the following policy is in effect for all employees. The academy will reimburse ordinary, necessary, and reasonable travel expenses pertaining to the transaction of academy business as outlined in this policy. Expense reports should be submitted within 30 days of the expense. Dates and amounts on receipts can not be altered. Expense reports turned in more than 90 days after the occurrence may be denied.

Advance Approval

All travel must be approved in advance by the Director. A written budget of the estimated expenses to be incurred must be submitted together with any travel request.

Reservations

All reservations must be made through Administration.

Lodging

Standard rooms, at reasonably priced hotels (i.e., Holiday Inn, Courtyard, etc.), are considered reimbursable. Employees must cancel room reservations to avoid “no-show” charges. If the cancellation is made directly with the hotel, employees are advised to request and retain a cancellation number as documentation for the transaction. Whenever possible, phone calls from a hotel should be charged to a calling card.

Airfare

Airline reservations must be booked by Omega Alpha Administration. Coach fare (for travel within North America) is the maximum amount that will be reimbursed. Any costs incurred to upgrade the class of service are not considered reimbursable. The following criteria will be utilized by Omega Alpha when determining the lowest logical airfare:

- The flight’s departure or arrival time is within one hour before or after the requested departure.
- One-stop or connecting flights may be required if savings of \$150.00 or more can be achieved.

Whenever possible, airline reservations should be booked as far in advance as possible to take advantage of available discount fares. It is imperative that all unused tickets are returned immediately to the travel agency for tracking purposes.

Ground Transportation

Whenever practical, the airport or hotel shuttle should be the preferred method of transportation. The cost of taxis, limousines, shuttles, or bus fare to and from places of business, hotels, airports, etc. is reimbursable when an employee is traveling on academy business.

When traveling, consideration should be given as to what means of transportation would be most cost effective. Rental cars usually represent the most expensive mode of transportation and should only be used when necessary. Automobile rentals, if required for Omega Alpha business, will be reimbursed. When traveling alone, employees may rent a compact car or smaller. Intermediate cars are allowed if there is more than one traveler and full size is allowable for three or more travelers. Mileage will not be reimbursed when using a rental car; however, fuel costs (with receipt) are reimbursable. The academy will not reimburse for the insurance coverage offered at the car rental office, as Omega Alpha corporate insurance covers the employee for travel related to business.

When using a personal vehicle for academy business, employees will be reimbursed at **.405** per mile. An expense report must be submitted for mileage reimbursement with the destination and purpose of the trip. For multiple trips, a mileage log should be utilized for tracking business mileage.

When parking at airports, long term parking lots or parking vouchers should be utilized whenever possible.

Personal Meals

The academy will reimburse employees for meal expenses (incurred while traveling on academy business) up to **\$50.00** per day for personal meals, when supported by receipts. (Meal charges in excess of **\$50.00** per day may be approved when traveling to certain, more expensive areas.)

The daily meal allowance is to be used for reimbursement only, not as a per diem. Receipts (the itemized copy) must have the date and place of the meal (with the amounts circled if more than one person's meal is listed); tear stubs are not acceptable. (If an itemized receipt is not available, you must make a note on the credit card receipt.) Alcoholic beverages are not reimbursable for personal meals.

Business Meals/Entertainment

Documentation, including the name of the establishment, names of individuals being entertained, and the business purpose must be supplied in order to receive reimbursement. Entertainment expenses for customers are permitted only when an Omega Alpha representative is present, an acceptable business purpose is attained and documented, and the expenses are reasonable. If all members of the party are Omega Alpha employees, this must be listed in detail and is subject to the above daily limit of **\$50.00** per employee. These entertainment amounts are also recalculated, and possibly adjusted, to reflect the comparison between all individually submitted expense reports.

Non-reimbursable Items

The following are examples of items that are not reimbursable (although there may be other items not eligible for reimbursement):

- Health club facilities
- Dry cleaning (when traveling for less than five business days)
- Airline club dues
- Traffic fines
- Movies (in-flight or in-room) or other personal entertainment
- Unreasonable room service charges
- Phone calls on hotel bills (calling cards must be used)
- Personal phone calls

All expenses must be submitted on an expense report form. The form must be approved by the employee's supervisor/manager and submitted to the accounting department for processing. Reimbursement maximums for field personnel are outlined in their employment documentation.

POLICY & PROCEDURE

SUBJECT: Employee Benefit Program	NUMBER: A10
	ORIGINAL DATE:
	REVISION DATE: August 2019

Omega Alpha provides a number of employee benefit programs to assist its full-time employees in maintaining good health and in recovering from the losses associated with illness, injury, or death.

Omega Alpha's employee benefits are more fully described in summary plan descriptions and provider policies that are supplied upon enrollment or request. These benefits and programs change from time to time and are governed by master contracts or documents that may also change from time to time. For this reason, if there is any conflict between the benefit descriptions contained in this policy book, and the master contract or documents, the master contract or documents shall govern in all cases.

Omega Alpha may amend or change its benefits from time to time. Further, Omega Alpha may change the premium or contribution amounts employees are required to pay in order to participate in any benefit program.

Certain providers may perform an independent evaluation of an employee's eligibility to participate in the benefit program. For example, certain life insurance providers will not insure individuals unless the individual meets certain health related criteria. To be eligible for these benefits, the employee must meet all eligibility requirements dictated by the insurance provider.

POLICY & PROCEDURE

SUBJECT: Holidays and Holiday Pay	NUMBER: A11
	ORIGINAL DATE:
	REVISION DATE: August 2019

Paid holidays are an important part of Omega Alpha’s employee benefit program. Only regular full-time employees are eligible for holiday pay. The following conditions apply to the payment of holiday pay:

1. If scheduled to work on a holiday, employees will either be given equivalent time off on another day in the workweek, with pay, or time and a half payment for all hours worked on the holiday.
2. If not scheduled to work on the holiday, employees will receive eight (8) hours pay at the employee’s regular base rate for the day off.
3. Holiday pay accrues on the first regular shift the employee works following the holiday. Holiday pay does not accrue during FMLA or other unpaid leaves of absence. Therefore, to be eligible for holiday pay, Employees must work their regular scheduled hours on the day before, the day of (if scheduled), and the day after the holiday. The only exception is if the holiday comes while the employee is on paid time off and the employee returns to work for at least one day following the paid time off. In this case, the employee will be paid for the holiday and will not have to count the holiday against paid time off.
4. Employees will not be paid for a holiday if they do not report to work on a holiday when scheduled to do so.
5. Exempt employees do not receive additional pay for holidays but receive their normal pay for the day, whether they are asked to work on the holiday, or not.
6. Time off for paid holidays is not considered time worked in computing overtime pay for non-exempt employees.

Holidays that will be observed by Omega Alpha will be determined annually by the Director but will usually include:

Labor Day	Veterans Day	Spring Break (March)
Thanksgiving Day	Martin Luther King’ Day	Spring Holiday (April)
Day After Thanksgiving	Fall Break (October)	Summer Break
Presidents Day	Winter Break (December)	

POLICY & PROCEDURE

SUBJECT: Paid Sick Leave	NUMBER: A12
	ORIGINAL DATE:
	REVISION DATE: August 2019

In addition to the vacation benefits described in this handbook, OAA provides paid sick leave (“PSL”) benefits to employees in accordance with Arizona state law.

Initial Accrual of PSL

Employees accrue 1 hour of PSL for every 30 hours worked. Employees who are exempt from overtime requirements under the Fair Labor Standards Act will be assumed to work 40 hours in each workweek for purposes of PSL accrual, unless their regularly scheduled workweek is less than 40 hours, in which case PSL will accrue based upon the number of hours in the regularly scheduled workweek.

PSL does not accrue during periods of unpaid leave or other non-work days.

No PSL may be taken during an employee’s first 90 days of employment. Employees may accrue and use a maximum of 48 hours of PSL per calendar year, i.e. - six eight-hour days.

Reasons Employees May Use PSL

There are a variety of circumstances that may qualify for the use of PSL, including:

- An employee’s own physical or mental illness, injury, or health condition;
- A family member’s physical or mental illness, injury, or health condition;
- Preventative care;
- Absences resulting from the effects of domestic violence, sexual violence, abuse or stalking of the employee or employee’s family member; and
- Absences necessitated by a declared public health emergency

Please call Ms. Rubi Galaz at

Scheduling and Using PSL

PSL must be scheduled in advance, and 30 days’ notice is preferred. A Leave Request / Change Form must be submitted to request PSL. In the event of an emergency or sudden illness, you should give as much notice as possible. In the usual case, we will excuse absences only when notice is given to Jose Frisby the evening before work if possible, but no later than 6:30 a.m. before the start of your scheduled shift. Failure to give proper notice may result in discipline. In this case, be sure to fill out an Absence Request Form.

Employees must tell their supervisor how long the absence is expected to last (if known). For absences lasting three or more consecutive days, we may request reasonable documentation from

employees to demonstrate that PSL has been taken for a qualifying circumstance, such as a doctor's note, signed statement from the employee, or a protective order.

All employee benefits will continue during PSL, so long as the employee returns to work after taking PSL and works at least one full day. Employees will need to pay any employee contributions due during the PSL.

Employees may not work for another employer while on PSL.

Carryover of Unused PSL

At the end of each calendar year, employees will carry over any accrued but unused PSL, up to the maximum of 48 hours. Employees will again begin accruing PSL at the beginning of the following calendar year at the rate of 1 hour of PSL for every 30 hours worked until they have accrued the maximum amount of 48 hours, but will not in any event be entitled to use (or carry over) more than 48 hours of PSL in any calendar year.

Accrued but unused PSL is not paid out when your employment ends.

Under no circumstances are employees permitted to donate accrued but unused PSL to other employees.

Non-Retaliation

We will not retaliate or discriminate against employees for requesting or using their earned PSL.

Prohibition on Donated Leave

Employees cannot donate or accept donated PSL from other employees.

POLICY & PROCEDURE

SUBJECT: Continuation of Health Care Coverage Under COBRA	NUMBER: A14
	ORIGINAL DATE:
	REVISION DATE: August 2019

Regular full-time employees covered under Omega Alpha’s group health plan should take notice of their rights to continue coverage under COBRA. Notices describing those rights are contained in the “Forms” section of this policy manual. All employees are given these notices as part of this handbook to avoid the possibility that the employee may not receive the notice through oversight or inadvertence.

A copy of the General Notice will be sent to covered employees within 90 days after their coverage begins. A copy of the Election Notice will be sent within 14 days after the occurrence of a qualifying event.

Employees should carefully review both notices now so they can protect their rights under COBRA. Employees who fail to comply with the procedures outlined in the notices could lose their rights under COBRA.

POLICY & PROCEDURE

SUBJECT: Voting Time	NUMBER: A15
	ORIGINAL DATE:
	REVISION DATE: August 2019

Registered voters are entitled to time off to vote. The law requires that registered voters be given at least three consecutive hours to vote between the opening of the polls and the beginning of the regular work shift or between the end of the work shift and the closing of the polls. If a schedule conflicts with this right, the affected employee should let his or her supervisor know before the election so that adjustments can be made that will allow time to vote. Employees will not lose wages, salary or benefits due to absences required by voting.

POLICY & PROCEDURE

SUBJECT: Military Leave of Absence	NUMBER: A16
	ORIGINAL DATE:
	REVISION DATE: August 2019

Introduction

Company is supportive of employees who take military leave from their job responsibilities to serve in the uniformed services of the United States. Company fully complies with all provisions of the federal Uniformed Services Employment and Reemployment Rights Act of 1994 (“USERRA”) and all other applicable state and federal military laws intended to minimize the disadvantages to an individual that occur when that person needs to be absent from civilian employment to serve in the U.S. armed forces. Further, Company’s military leave of absence policy seeks to ensure that employees who serve their country do not lose their employment and benefits or suffer any form of discrimination because of their service.

Eligibility

You are eligible to take military leave if any of the following apply:

- You enlist, are inducted, volunteer for duty or are called to duty (including active and inactive duty training) in the United States Armed Forces, the Military Reserves or the National Guard;
- You are called to serve in an honor guard for a veteran’s funeral;
- You must be absent from work for an examination to determine fitness for military duty;
- You provide service under certain circumstances as a member of the National Disaster Medical System or in the commissioned corps of the Public Health Service; or
- Your service otherwise qualifies under applicable military leave law.

You are eligible for military leave -- and protected by the benefits and procedures provided by then-current law as well as Company policy -- for a cumulative total of five years, subject to extensions of that five-year limit mandated by state or federal law.

You are eligible for benefits provided under this policy only if you are honorably discharged.

Requesting Military Leave

Barring an emergency or other unforeseen circumstances, you must provide Human Resources with advance notice that you will require military leave. Company requests that you also submit a copy of your military orders or other documentation to Human Resources.

Company may speak to your commanding officer -- or other appropriate military authority -- regarding any concerns involving the timing or frequency of your absences.

Return to Work

Barring changed circumstances that would make reemployment impossible, unreasonable, or an undue hardship, you must return to work at Company as follows upon completion of a period of military service:

Service less than 31 days: If your period of military service is less than 31 days, you must report back to work by the beginning of the first full regularly-scheduled work shift occurring eight hours after you return home from military service.

Service more than 30 days but less than 181 days: If your period of military service is more than 30 days but less than 181 days, you must submit an application for reemployment no later than 14 days after completion of military service. You will be protected from discharge, except for cause, for 180 days.

Service more than 180 days: If your period of military service is more than 180 days, you must submit an application for reemployment no later than 90 days after completion of military service. You will be protected from discharge, except for cause, for 1 year.

If you are unable to comply with these deadlines -- because, for example, of a hospitalization or convalescence incurred in or aggravated by military service -- they may be extended in accordance with applicable law. If you have been hospitalized or are convalescing from an injury caused or aggravated by military duty, you may be able to extend the above-specified times for reporting back to work or reapplying for work for up to two years; this two-year period may itself be extended under certain circumstances.

If your period of military service is longer than 30 days, you must submit documentation to Company confirming the period of your military service and the manner in which you were discharged or otherwise completed your military service.

Upon your return from military leave, you will be placed in the same position (or a position with equivalent pay, seniority and status) as the position which Company reasonably believes you would have been in had you not been absent because of military service -- provided that you remain qualified (or with training can become qualified) for that position. If you are not qualified (or cannot be made qualified through training) for such a position, you will be placed in the position which you held before going on military leave. If you are no longer qualified (or with training cannot again become qualified) for this formerly held position, Company will place you in a position which approximates, to the greatest extent possible, either (a) the position which Company reasonably believes you would have held if you had not been on leave or (b) the position you held at the time when you began your military leave.

Company will attempt to reasonably accommodate an employee who is unable to perform one of the above-mentioned jobs because of a service-related disability by searching for another position which as closely as possible approximates the position that the employee would have been doing, but for the employee's service-related disability.

Compensation and Benefits

Health Insurance: If you are currently receiving health and dental benefits, you may continue your health insurance coverage while on military leave for up to 24 months through COBRA, provided you pay the entire cost of the monthly premiums.

Retirement Benefits: If you return to work at Company following military leave and you otherwise remain eligible for the benefits of this policy, you will be allowed to make up any pretax contributions you would have been able to make to your 401(k) if you had not been on military leave, for up to three times the length of your absence or five years (whichever is less), as long as you remain employed by Company. Company will match all such make-up contributions as it would have if they had been timely made, but only to the extent that you make the required contributions to the plan.

Paid Sick Leave: Military leave is unpaid, but you may choose to substitute any accrued paid leave to cover your military leave of absence.

Other Benefits: If you return to work at Company following military leave and you otherwise remain eligible for the benefits of this policy, Company will provide you with all seniority-based benefits and rights you would have had if you had not been on military leave. For example, you will be credited with years of service for the time when you were absent on military leave. As for benefits which are not seniority-based, you will have the same benefits and rights to such benefits as do employees on other leaves of absence.

POLICY & PROCEDURE

SUBJECT: Drug and Alcohol-Free Workplace	NUMBER: B3
	ORIGINAL DATE:
	REVISION DATE: August 2019

Notice of Drug Free Workplace

Omega Alpha is committed to providing a safe work environment and to fostering the well-being and health of its employees. That commitment is jeopardized when any employee uses illegal drugs or alcohol on the job, comes to work under their influence, or possesses, distributes or sells illegal drugs in the workplace. The following policy is designed to foster a drug and alcohol- free workplace.

1. Employees may not use, manufacture, distribute, possess, disperse, or offer for sale illegal drugs or alcohol or otherwise engage in the use of illegal drugs or alcohol on the job, Academy property, or while at school-related events.
2. Employees may not report to work under the influence of illegal drugs or alcohol.

4. You may not use, possess, or be impaired by medical marijuana or marijuana-related products on the jobsite or during working hours.
5. At the annual retreat, alcoholic beverages may be served. It is the responsibility of every employee to drink responsibly at these events. You should not drink and drive. We will not excuse bad behavior due to your failure to drink responsibly and we assume no responsibility to monitor or limit your consumption of alcoholic beverages.

The goal of this policy is to balance our respect for individuals with the need to maintain a safe, productive and drug-free environment. The intent of this policy is to offer a helping hand to those who need it, while sending a clear message that the use of illegal drugs or the abuse of alcohol is incompatible with employment at Omega Alpha.

Employees who struggle with drug or alcohol abuse or addiction should contact the Director to take advantage of programs available to overcome those problems. All requests for assistance will be kept confidential and Omega Alpha will not use volunteered information about abuse or addictions as a basis for any employment decision, but likewise, abuse or addictions will not excuse poor performance or failing a drug test.

All present and prospective Omega Alpha employees will be subject to drug and alcohol testing. Testing will be conducted in a manner calculated to protect employee privacy while

assuring accuracy. Employees who fail a drug or alcohol test, or who refuse to be tested may be discharged from employment, subject to applicable state and federal laws.

SUBJECT: Drug Testing Procedure	NUMBER: B4
	ORIGINAL DATE:
	REVISION DATE: June 2021

Drug and Alcohol-Free Work-Place Policy

Omega Alpha is committed to providing a safe working environment for all employees, promoting the highest standards of employee health and productivity, and protecting our reputation in the community. Therefore, Omega Alpha has implemented a drug-use and alcohol-impairment testing program. The goal of this program is to maximize safety and productivity in the workplace, while preserving the privacy and dignity of employees. This program will be applied equally to all employees.

Definitions

The following definitions apply for purposes of this policy:

“Drugs” means any substance considered unlawful under the controlled substances act, 21 U.S.C. § 812, or the metabolite of the substance. “Drugs” specifically include, but are not limited to, amphetamines (including methamphetamine) barbiturates, marijuana, cocaine, crack, THC, PCP, methadone, opiates (including codeine, morphine and acetylmorphine) and phencyclidine.

“Alcohol” means ethanol, isopropanol or methanol, that is contained in products such as beer, wine, and distilled spirits or liquor.

“Medical marijuana” means marijuana or marijuana-related products used by qualifying patients who have been lawfully registered as cardholders pursuant to the Arizona Medical Marijuana Act, A.R.S. § 36-2801 *et seq.*

Persons Subject to Testing

This policy will be applied equally and uniformly to all compensated employees and prospective employees of Omega Alpha, including all officers, directors, and supervisors. All current or prospective employees, officers, directors or supervisors shall be subject to testing pursuant to the terms of this policy. Compliance with this policy is a condition of continued employment with us.

Circumstances Under Which Testing May Be Required

Pre-employment Screening

All final applicants for employment will be sent to a designated facility to undergo a drug-use test as part of the pre-employment process. They will be given a copy of this policy and be required to read and sign the acknowledgment and consent form prior to testing.

Post-Accident Testing

An employee may be required to submit to a drug-use test or alcohol-impairment test when Omega Alpha reasonably believes that the employee, while on the job site or during working hours:

Was involved in or contributed to an accident that did or could have resulted in an injury to the employee or another person, if it is reasonably likely that employee drug or alcohol use contributed to the accident.

Was involved in or contributed to an accident that did or could have caused material damage or loss to equipment, fixtures or other property reasonably estimated to exceed \$500.00 if it is reasonably likely that employee drug or alcohol use contributed to the accident.

Determinations regarding whether an employee's conduct falls within the above-described situations shall be made at the sole discretion of Omega Alpha.

Reasonable Suspicion Testing

Testing will be conducted when we have reasonable suspicion that you may be affected by the use of drugs or alcohol or that the use may adversely affect the job performance or the work environment. We will not consider your status as a lawful medical marijuana cardholder reasonable suspicion, but reasonable suspicion may exist if your conduct or appearance shows signs of impairment. Some examples of circumstances giving rise to reasonable suspicion could include, but are not limited to, the following:

- if an employee is unable to perform normal job duties
- has unexplained or excessive absences or tardiness
- behaves in an abnormal or unusual way
- was involved in, or contributed to, an incident that did or could have resulted in an injury to the employee or another person or material damage or loss to equipment, fixtures or other property
- smells of drugs or alcohol
- is in possession of drugs or alcohol
- has glassy or bloodshot eyes
- has difficulty paying attention or solving problems
- exhibits paranoia or delusional behavior
- exhibits unexplained fear or panic
- exhibits unexplained euphoria
- has an impaired memory
- is disoriented
- is drowsy or sedated
- otherwise appears to have used drugs or alcohol

If we suspect that you are impaired by drugs or alcohol (including medical marijuana or marijuana-related products), a supervisor will transport you to the designated testing facility.

Circumstances under Which Retesting May Be Required

If a drug-use test or alcohol-impairment test is considered unsuitable or inconclusive by the employer for any reason, the employee or applicant may be immediately retested. Examples of unsuitable or inconclusive test results include, but are not limited to, specimens that are considered diluted or specimens that have a low urine specific gravity. An employee or applicant may be instructed to refrain from drinking water or using diuretics (subject to medical concerns) for a specified time period prior to the retest.

Failure of an employee or applicant to follow the employer's instructions or to cooperate with the employer in providing a suitable specimen with a specific gravity equal to or greater than 1.5 may be treated by the employer as a refusal to be tested or a positive test result, and may subject an employee to disciplinary actions up to and including termination. If an applicant's retest is considered unsuitable or inconclusive, Omega Alpha may refuse to hire the person.

If an employee tampers with the sample or otherwise attempts to affect the testing process or result, the employee may be subject to disciplinary actions up to and including termination. If an applicant tampers with the sample or otherwise attempts to affect the testing process or result, Omega Alpha may refuse to hire the person.

Testing Methods and Collection Procedures

Scheduling of Tests

Drug-use testing will occur during, or immediately before or after, a regular work period and will be considered work time.

Costs of Tests

Omega Alpha will pay all actual costs for drug-use or alcohol-impairment testing required of current employees. Omega Alpha will reimburse prospective employees who are hired for the actual costs for drug-use or alcohol-impairment testing.

Omega Alpha may provide reasonable transportation costs to current employees if their required tests are conducted at a location other than the employee's normal work site.

Testing Procedures

The method of testing for drug use will be urinalysis or hair sample. The method of testing for alcohol impairment may be by breath, saliva, blood or urinalysis. A blood test may be used if for any reason the employee cannot provide a sample; for example, if the employee is unconscious or is unable to provide a urinalysis.

The collection of samples will be performed under reasonable and sanitary conditions. Sample testing will comply with scientifically accepted analytical methods and procedures. Drug testing will be conducted at a laboratory approved or certified by the United States Department of Health and Human Services, the College of American Pathologies, or the Department of Health Services.

All samples will be labeled in order to reasonably preclude the possibility of misidentification of the person tested in relation to the test result provided. The person tested must present reliable individual identification to the person collecting samples. The person to be tested will also have the opportunity to provide to the laboratory any information that may be considered relevant to the test, including identification of currently or recently used prescription or non-prescription drugs.

All sample collection, storage, and transportation will be performed in a reasonably designed to preclude the possibility of sample contamination, adulteration or misidentification.

If a drug test result is positive, the laboratory will confirm the positive drug test result by conducting a second, independent drug test on the same sample by way of a different chemical process than was used in the initial drug-use test, such as by gas chromatography-mass spectrometry, or another comparably reliable analytical method. A second confirmatory test may also be conducted upon request by employee, provided that employee pays all costs associated with the test.

A drug test will be considered positive when the screening levels established by the laboratory are exceeded. Information regarding the screening cutoff levels for various drugs will be made available upon request. An alcohol-impairment test shall be considered positive when an employee's blood alcohol level exceeds .05%.

Disciplinary Consequences

Consequences of Refusal to Participate in Testing

Refusal to participate in drug-use or alcohol-impairment testing will be grounds for immediate discharge. In the case of an applicant, refusal to participate in drug-use or alcohol-impairment testing will result in revocation of any offer of employment.

Consequences of a Positive Drug-Use Test or Alcohol-Impairment Test

On receipt of a positive drug-use or alcohol-impairment test, Omega Alpha may take disciplinary or rehabilitative actions including:

The employee may be required to enroll at their own expense in an approved rehabilitation, treatment or counseling program, which may include additional drug testing and alcohol impairment testing as a condition of continued employment;

The employee may be subject to suspension, discipline or other adverse employment action, including termination, in the discretion of Omega Alpha; and/or

In the case of a job applicant, Omega Alpha may refuse to hire the applicant.

An employee who has enrolled in an approved rehabilitation, treatment or counseling program and/or was subject to suspension or other adverse employment action based on having tested

positive on a drug-use test or having exceeded .05% on an alcohol-impairment test, will be immediately terminated if such employee subsequently tests positive on a drug-use or alcohol-impairment test.

Furthermore, individuals may be denied workers' compensation claims in circumstances where the individual tests positive for drugs and alcohol and drug or alcohol impairment was a substantial contributing cause of the accident.

Confidentiality of Results and Access to Records

Receipt of Test Results

Omega Alpha will provide results to only those individuals who need to know the results of the test. These individuals will notify only the employee and supervisor of the test results. Test results will be mailed to the employee by certified mail, return receipt requested.

An arbitrator or mediator, or a court or governmental agency as authorized by state or federal law.

Explanation by Tested Employee

Employees have the right, upon request, to explain the test result to us or our Medical Review Officer in a confidential setting.

General Provisions

No Tests for Other Substances or Conditions

Except as otherwise permitted by law, no sample taken for testing shall be tested for any substance or condition except drugs and alcohol identified herein.

Prescription Drugs¹

Use of prescription drugs, in their original container, prescribed by a licensed physician as medication for use by the person possessing the medication is allowed. Any employee taking a legal drug or medication (over-the-counter or by prescription) which may adversely affect judgment, coordination or the ability to perform assigned job duties, must notify his/her supervisor before starting work that his or her judgment or coordination may be impaired. The supervisor, after review, will decide whether to allow the employee to remain at work or to make other suitable arrangements as allowed by law.

All individuals will be provided the opportunity to list all medically prescribed drugs at the time that the individual is providing a specimen for testing. Individuals must report any legally prescribed drugs they are taking prior to providing a sample for testing. Omega Alpha will recognize only those prescribed medications that are legal in the United States.

Additionally, if you take medically prescribed medications, including medical marijuana, and work in a “safety sensitive” position, we may take action to exclude you from performing your position, including reassigning you to a different position, placing you on unpaid leave, or terminating your employment when, in our opinion, your use of the medically prescribed medication could adversely affect or diminish your ability to perform your job duties. We have designated the following positions as “safety sensitive” positions: **food handlers in the cafeteria, employees that drive, maintenance staff, and health assistants.**

Medical Marijuana

This policy does not prohibit the lawful, off-duty use of medical marijuana by a registered medical marijuana cardholder, but employees are not permitted to use, possess, or be impaired or adversely affected by medical marijuana or marijuana-related products on the jobsite or while working. POLICY & PROCEDURE

SUBJECT: Disclosing Information	NUMBER: B11
	ORIGINAL DATE:
	REVISION DATE: August 2019

Honesty and integrity are critical to maintaining our high standards. You have a responsibility to report any individual or any activity that is dishonest, constitutes theft or embezzlement, or is in violation of our policies.

Some activities also violate federal, state or local laws. For example, billing for services not performed or for goods not delivered or other fraudulent financial reporting constitutes illegal activity.

If you have knowledge of or a concern about illegal, dishonest or fraudulent activity, you should contact Human Resources. We will immediately, thoroughly, and objectively investigate your report. The scope and nature of our investigation will depend upon the scope and nature of the allegation, but generally we will do what is necessary to make a fair determination of what occurred, and find an appropriate remedy. We will protect the confidentiality of all parties involved to the maximum extent possible. If we determine that our policies have been violated, we will take effective remedial action that is appropriate under the circumstances. If we suspect that the law has been violated, we will inform the appropriate law enforcement officials.

Persons who report wrongs are an important part of our efforts to comply with the law. For that reason, we do not retaliate against such individuals. And when we investigate any such reported activity, we instruct all those involved that retaliation in any form will not be tolerated. However, this protection against retaliation does not include immunity for any wrongdoing by the person reporting such activity.

You must also remember that you may be working with information that is confidential. This includes trade secrets. You should disclose confidential information only to those who have a legitimate need to access the information. Confidential information concerning the Academy or our services should not be given out without the consent of the President.

Notice of Immunity under the Defend Trade Secrets Act

The Defend Trade Secrets Act of 2016 provides immunity to an individual who discloses trade secrets under any of the following circumstances:

2. The disclosure is made in a complaint or other document filed in a lawsuit or other proceeding, if such filing is made under seal.

3. The disclosure is made by an employee who has filed a lawsuit for retaliation that is based upon a suspected violation of the law and the disclosure is made to an attorney who is engaged by the employee to represent the employee in the lawsuit. Trade secrets may be used in the lawsuit only if the following conditions are met: a) all documents containing trade secrets are filed under seal; and b) trade secrets are not disclosed except pursuant to court order.

Any employee who discloses trade secrets in strict compliance with this policy will not be held criminally or civilly liable under Federal or State trade secret law.

SUBJECT: Disciplinary Process	NUMBER: B12
	ORIGINAL DATE:
	REVISION DATE: August 2019

You are employed at-will unless you have an employment contract signed by the Director of the academy that identifies a specific term (meaning length) of employment. “At-will” means that the employment relationship between us may be discharged by either party at any time, with or without notice, for any reason not prohibited by law, or for no reason. It is impossible to predict the future, and it is therefore essential that we preserve this at-will relationship to meet changing business needs and fluctuating market conditions. There may be occasions where good employees are discharged without good cause. This is simply a part of doing business in today’s economy.

You should also know what conduct is prohibited. This policy attempts to identify conduct that may result in disciplinary action up to and including termination. This list is not exclusive, however, and Omega Alpha reserves the right to take disciplinary action against any employee who engages in misconduct.

As part of its discipline process, Omega Alpha may warn, suspend with or without pay, or discharge its employees. Omega Alpha will attempt to give employees a chance to correct or improve poor performance or misconduct. However, it is important to note that in no case is Omega Alpha required to utilize a progressive discipline approach prior to terminating any employee, and nothing in these policies and procedures is intended to create any guarantee that Omega Alpha will follow any certain disciplinary procedures.

POLICY & PROCEDURE

SUBJECT: Attendance and Leaving Work During Work Hours	NUMBER: B13
	ORIGINAL DATE:
	REVISION DATE: August 2019

Employees must report to work on time and work their scheduled hours, which are 7:30 A.M – 3:30 P.M. Repeated tardiness may result in dismissal. Indeed, good attendance is essential to every job at Omega Alpha and demonstrates a responsible, professional attitude. Conversely, unexcused or excessive absences are serious offenses.

Employees should follow these guidelines when they are absent:

1. The employee’s direct supervisor should be informed of all expected absences as soon as possible. 30 days notice is preferred. A Leave Request / Change Form must be submitted for approval of the leave.
2. Notice of unexpected absences should be given as soon as possible, and the night before the absence if possible, but no later than 6:30 a.m. before the employee’s scheduled start time.
3. If prior notice cannot be given, the reasons for the failure to give notice must be submitted in writing to the supervisor and the personnel office upon return to work.
4. Employees who fail to return to work when scheduled, or who are absent without notice for three consecutive work days, will be deemed to have abandoned their employment.

No definite rule can be established to govern discipline for excessive absenteeism or tardiness. Individual circumstances and job demands differ. Therefore, Omega Alpha reserves the right to discipline employees for excessive absenteeism or tardiness any time it determines that an employee’s absences or tardies, if not protected by law, are unreasonably disruptive to its work or detrimental to efficient operations or employee morale.

Leaving Work During Working Hours

Employees are not permitted to leave the Academy’s premises or leave assigned workstations during their scheduled work hours unless required by their work or with the written permission of their immediate supervisor. Except where required by their work, employees desiring to leave the workstation during working shift hours must obtain authorization form the Administration. OAA encourages employees to make doctors’ appointments after school.

POLICY & PROCEDURE

SUBJECT: Meal Periods	NUMBER: B14
	ORIGINAL DATE:
	REVISION DATE: august 2019

A meal period of 30 minutes is available for each shift worked over five hours. Meal periods are scheduled to avoid any interference with the efficient operation of Omega Alpha. Meal periods may not be “skipped” so employees can leave early, but should be taken at or near the middle of the employee’s shift. Employees may not eat in their classrooms or work station but should take their meal periods in the break room or off site.

POLICY & PROCEDURE

SUBJECT: Reporting Illnesses, Injuries, and Unsafe Work Conditions	NUMBER: B15
	ORIGINAL DATE:
	REVISION DATE: August 2019

All employees have the responsibility to maintain safe conditions in their work areas as part of the normal work routine. Actions such as not leaving drawers open, not climbing on chairs or unstable ladders, and using caution when opening doors that swing out all help avoid accidents.

You are responsible for your own safety and the safety of co-workers. In this effort, you must:

1. Report all accidents, illnesses, or injuries to a supervisor or the site administrator as follows:
 - (a) An employee who is at work when he or she becomes aware of an injury or illness must report it as soon as reasonably possible, but in no event later than leaving the workplace, or 8 hours after becoming aware of the injury or illness, whichever is earlier. The report must be made to the employee's supervisor.
 - (b) An employee who is not at work when he or she becomes aware of an injury or illness must report it as reasonably possible, but in no event later than 8 hours after becoming aware of the injury or illness.
 - (c) No employee who complies with this policy will be disciplined for not promptly reporting an injury or illness.
 - (d) Supervisors must not interfere with, or attempt to discourage, reporting under the policy;
2. Report all unsafe conditions to a supervisor according to (1) above;
3. Never assume responsibility for transporting an ill or injured employee from the premises -- inform a supervisor, department head or the President;
4. Become familiar with the locations of fire extinguishers, fire exits, emergency telephones and first aid kits;
5. Keep aisles and passageways clear and be careful when walking around corners or opening doors; and
6. Read the Material Safety Data Sheets (MSDS) for each/any chemical that you work with and be familiar with the prescribed emergency procedures in the event of an accident or injury.

7. If the injury requires first aid treatment, the employee should see the school health assistant. If it is determined that first aid is necessary, the employee should report immediately to a medical professional closest to their location.

MSDS sheets are kept on file in the office and must be kept on all appropriate chemicals/ materials to describe the material, precautions that should be used when handling the material, and measures to be taken in case of wrongful exposure.

POLICY & PROCEDURE

SUBJECT: Electronic Communications	NUMBER: B16
	ORIGINAL DATE:
	REVISION DATE: August 2019

In order for Omega Alpha to protect its interest with regard to its electronic records, and due to the unique nature of voice mail, electronic mail (e-mail), and the Internet, the following policy has been established to address electronic communications by all Omega Alpha employees.

Omega Alpha's voice mail, e-mail and Internet systems are intended to be used for business purposes only; use for informal or personal purposes is permissible only if it is not disruptive to the performance of an employee's job duties and does not occur on a regular basis. All voice mail, e-mail and Internet records are considered academy records and should be transmitted only to individuals who have a business need to receive them. Additionally, academy records, voice mail, e-mail and Internet records are subject to disclosure to law enforcement, government officials, or other third parties through subpoena or other process. Consequently, employees should always ensure that information contained in electronic messages is accurate, appropriate, and lawful.

While Omega Alpha does not intend to regularly review or monitor employees' voice mail, e-mail, or Internet records, employees have no right or expectation of privacy in these mediums. Omega Alpha owns the hardware and software the systems are comprised of, and permits employees to use them in the performance of their job duties for the academy. Omega Alpha reserves, and will exercise the right, to review, monitor, audit, intercept, access and/or disclose all matters on the academy's computer or phone systems at any time, without notice, and such access may occur during or after working hours. The use of a password or code does not restrict the academy's right to access electronic communications. Omega Alpha reserves the right to break any code in order to access communications stored on academy property.

Employees that abuse of Omega Alpha's electronic systems or other Omega Alpha property/equipment, through excessive personal use, inappropriate use, and/or use in violation of the law or Omega Alpha's policies may be denied access to these systems and receive other disciplinary action.

POLICY & PROCEDURE

SUBJECT: Ending Employment	NUMBER: B17
	ORIGINAL DATE:
	REVISION DATE: August 2019

An employee voluntarily resigning his/her position with Omega Alpha should submit a written notice of resignation to their supervisor with a copy to the Executive Director thirty (30) days in advance of their intended resignation date.

Upon conclusion of employment, Omega Alpha will determine if an employee has any outstanding debt owed to the academy and whether the individual has in his/her possession any academy credit cards, equipment, keys, books, manuals, vehicles, or other academy property. Any amounts owed to the academy will be deducted from the employee's final paycheck.

After a full accounting is completed, a final pay check will be issued to the employee in accordance with applicable law.

An employee terminating employment must return any academy property in his/her possession. The cost to repair damaged property or replace property not returned to the academy may be deducted from an employee's final paycheck.

An employee planning to leave the academy may be asked to participate in an exit interview with the Director. At the time of the exit interview matters relating to final pay and other personal considerations will be arranged.

Upon termination, the employee will receive a letter from the Academy detailing the COBRA notification process, conversion of group life insurance, employment verifications and reference checks and any other information pertinent to the termination.

Upon termination of employment, an employee and their dependents, which are enrolled in the Academy's group health plan, may be eligible for continued coverage under Cobra.

POLICY & PROCEDURE

SUBJECT: Workplace Searches	NUMBER: B18
	ORIGINAL DATE:
	REVISION DATE: August 2019

Omega Alpha believes that maintaining a school and workplace that is free of weapons, drugs, alcohol, and other harmful materials is vital to the health and safety of its employees and to the success of the academy. Omega Alpha also intends to protect against the unauthorized use and removal of Omega Alpha property. In addition, Omega Alpha intends to assure its access at all times to Omega Alpha premises and Omega Alpha property, equipment, information, records, documents and files. Accordingly, Omega Alpha has established this policy concerning inspections and searches on Omega Alpha premises. This policy applies to all employees .

Inspections and Searches

Omega Alpha may search any Omega Alpha property, including all documents, records, software, electronic codes, data, and files relating to Omega Alpha’s business; and all equipment, files, desks, lockers, motor vehicles, hardware, and other property of any kind, whether owned, leased, rented or used by Omega Alpha. Such inspections and searches may occur at any time, with or without further notice to or consent by the employee, anytime Omega Alpha has reasonable suspicion that the law or Omega Alpha policies have been violated. Reasonable suspicion includes a suspicion that is based on specific personal observations, such as an employee’s manner, disposition, muscular movement, appearance, behavior, speech or breath odor; information provided to management by an employee, law enforcement officials, security service or other persons believed to be reliable; or a suspicion based on other surrounding circumstances.

Access to Omega Alpha Property

1. In order to assure access at all times to Omega Alpha property, Omega Alpha reserves the right to conduct routine inspections or searches at any time for Omega Alpha property on Omega Alpha premises. This includes access at all time to information and communications stored in Omega Alpha computer files, on Omega Alpha disk-drives, and in employee voicemail boxes and electronic-mail systems.
2. Routine searches or inspections for Omega Alpha property may include an employee’s office, desk, file cabinet, closet, computer files, voicemail, electronic mail or similar places where employees may store Omega Alpha property or Omega Alpha-related information, whether or not the places are locked or protected by access codes and/or passwords.
3. Because even a routine search for Omega Alpha property might result in the discovery of an employee’s personal possessions, all employees are encouraged to refrain from

bringing into the workplace any item of personal property that they do not wish to reveal to Omega Alpha.

Inspections and Searches for Prohibited Materials

1. Prohibited materials include, but are not limited to, firearms or other weapons; explosives and/or hazardous material or articles; illegal drugs or other controlled substances; drug-related paraphernalia; alcoholic beverages; Omega Alpha property and/or proprietary and confidential information belonging to a third party that an employee is not authorized to have in his or her possession.
2. Inspections or searches for prohibited materials in or on Omega Alpha premises will be conducted whenever Omega Alpha has reasonable suspicion to believe that a particular employee or group of employees may be in possession of materials in violation of this policy.
3. Inspections or searches for prohibited materials may be conducted from time to time even when there is no immediate reason to suspect the presence of these materials. In such cases, Omega Alpha may announce the inspection in advance, except for inspections or searches conducted at locations where employees enter or exit Omega Alpha premises.
4. Inspections or searches for prohibited materials also may include an inspection of an employee's locker, or an employee's pockets, purse, briefcase, lunch box, or other item of personal property that is being worn or carried by the employee while on Omega Alpha premises.
5. Employees who refuse to cooperate during an inspection or search will not be forcibly detained or searched. However, they will be informed that Omega Alpha will base any disciplinary decisions on the information that is available, including their refusal to consent to the search as well as the information that gave rise to a reasonable suspicion that the employees were in possession of prohibited materials, if applicable, and that their failure or refusal to cooperate could deprive Omega Alpha of information that may clear them of suspicion.
6. Omega Alpha reserves the right to deny entrance, send home or discipline, up to including discharge, any employees believed to be in possession of prohibited material on Omega Alpha premises.

Personal Property

Omega Alpha Academy will not assume any responsibility or liability for damage or loss of an employee's personal property utilized in the exercise of their duties or on school premises.

Lost and Found

Any article lost or found should be reported at once to the site administrator or Supervisor. All articles found on school premises must be turned in to the Site Administrator's office. All lost property delivered to the Academy and not claimed within a period of six (6) months will be turned over to a charitable organization or otherwise disposed of as determined by the Academy.

POLICY & PROCEDURE

SUBJECT: Care of Omega Alpha Property	NUMBER: B19
	ORIGINAL DATE:
	REVISION DATE: August 2019

Employees will be issued Omega Alpha property to assist them in the performance of their job duties such as uniforms, radios, pagers, tools or supplies. This property is an important resource to Omega Alpha. Its loss or destruction would have a negative impact upon Omega Alpha. For this reason, Omega Alpha will hold employees responsible for Omega Alpha property in the employee's possession. Certainly, all items are subject to reasonable wear and tear and will eventually need to be replaced. An employee who returns an item of property that is worn out will have no obligation to repair or replace the item. On the other hand, employees who misplace, abuse or destroy Omega Alpha property will be expected to reimburse Omega Alpha for the reasonable cost of replacing that property. At the time an employee leaves employment, an accounting will be made of all property issued to the employee, and the reasonable replacement value of any property that has been lost, destroyed, or subject to unreasonable wear and tear will be set off against the employee's final paycheck. Omega Alpha may make similar deductions from paychecks during the course of employment provided Omega Alpha gives the employee at least 30 days notice of its intent to make a deduction for lost or damaged property.

Urgent incoming telephone messages will be delivered to employees. The use of cell phones during teaching hours or in the classrooms is prohibited. Personal telephone calls should be confined to the lunch periods.

The Academy maintains a personnel file for each employee. Employees may review the contents of their file at any time. This must be done in the presence of a member of the Academy.

Public Records

Information contained in an employee's personnel file may be a public record. OAA complies with the applicable provisions of Arizona's public records laws.

Requests from a third party must be in writing to the Administration Department. The Academy will attempt to immediately notify the employee of the public record request prior to the release of any information.

POLICY & PROCEDURE

SUBJECT: Purchasing Procedures	NUMBER: B24
	ORIGINAL DATE:
	REVISION DATE: August 2019

OAA employees often need to purchase supplies or services during the school year. If you would like OAA to pay for the supplies or services, you must obtain approval of your request by the administrator or supervisor and submit the request to the business office to obtain an OAA Purchase Order (“PO”). A PO must be completed prior to the time the purchase is made. This applies to all funds, as well as student activities and auxiliary operations.

The PO is the only official document that authorizes OAA’s purchase of supplies or services. To avoid personally assuming the cost for the supplies or services ordered, you must follow the procedures in this policy.

Purchases of supplies or services made without obtaining an authorized PO in advance will not be paid by the Academy, and any such purchases will be the responsibility of the employee who made the purchase.

POLICY & PROCEDURE

SUBJECT: Safety Policy	NUMBER: B25
	ORIGINAL DATE:
	REVISION DATE: August 2019

POLICY & PROCEDURE

SUBJECT: COVID-19 Safety Protocol for Employees and Students	NUMBER: C5
	ORIGINAL DATE:
	REVISION DATE: September 2022

Omega Alpha is committed to providing a safe work environment for its employees and students. For this reason, Omega Alpha is implementing the following COVID-19 safety protocol for its employees and students to follow.

1. MASKS

Policy. Omega Alpha requires all employees and students over the age of 5 to wear a mask or face covering (referred to herein as “masks”) at all times while on Omega Alpha property. Masks may be removed for eating or drinking while in designated spaces.

Employees who work at a desk do not need to wear a mask while seated at their desk, so long as they are at least six feet away from others while seated at their desk. If employees are not six feet from others while at their desk, they must wear a mask.

Furthermore, students do not have to wear a mask when they are outside in playground settings so long as they maintain physical distancing (6 feet) from each other. Omega Alpha Academy will also allow breaks for students to take their mask off in a safe environment.

Exceptions. This requirement to wear a mask does not apply to anyone who has trouble breathing or is unconscious, anyone who is incapacitated or otherwise unable to remove the mask without assistance, and students with certain disabilities or health conditions.

Medical Exceptions. If an employee or student is not able to wear a mask for medical reasons, please contact Omega Alpha’s Health Assistant Ms. Bianca Moreno at 520-805-1261. Please note that the employee or student’s parents or legal guardians (referred to herein as “parents”) may be asked to provide medical documentation, such as a doctor’s note, confirming the employee or student is not able to wear a mask for medical reasons.

Safety and Usage Tips for Masks:

Either a cloth face covering or disposable surgical mask can be worn.

Place the mask securely over both the nose and the mouth.

- Proper fit is critical to maximizing the safety potential of the mask.
- Masks should be secured through ear loops or straps that wrap around the head (no tube face masks, bandanas, scarves, or ski masks).

Wash your hands before and after touching your mask.

Don’t touch the mask once it is on your face.

- If you do, wash your hands before and after doing so.

Don't adjust your mask too much, and don't pull your mask below your nose or chin while you are wearing it.

Masks should not be shared.

All masks should be removed and discarded if soiled or damaged.

If using a homemade cloth face covering, it should be laundered and free of dirt/stain.

Masks shall not contain any offensive or inappropriate symbols, images, graphics, or language. They also shall not contain large logos, flags, political messaging, or any other images that are inconsistent with Omega Alpha Academy's policies applicable to students and employees.

During storage, masks should be carefully folded so that the inner surface is held inward and against itself to reduce contact with the outer surface.

- For students, masks can be stored in a space designated for each student that is separate from others when not being worn (e.g., in individually labeled containers or bags, personal lockers, or cubbies).

The folded mask can be stored between uses in a clean sealable bag or breathable container.

Here is a video from the World Health Organization (WHO) on how to remove and store your mask: <https://www.who.int/emergencies/diseases/novel-coronavirus-2019/advice-for-public/when-and-how-to-use-masks>

Consequences. Omega Alpha takes mask wearing very seriously. Employees who violate this policy by refusing to wear a mask consistent as required by this policy will be subject to discipline, up to and including termination of employment.

A student refusing to properly wear an approved mask in accordance with this policy may face a level 3 violation in accordance with the Discipline Policy in the Student Handbook.

2. PHYSICAL DISTANCING AND HEALTHY HYGIENE PRACTICES

Employees and students must:

Wash hands with soap and water often for at least 20 seconds, including after being in a public place, after coughing or sneezing, or after touching a frequently touched surface. If soap and water are not available, use an alcohol-based hand sanitizer containing at least 60% alcohol.

Maintain 6 feet of distance between others whenever possible.

Avoid touching eyes, nose, and mouth.

Use video conferencing or phone calls for meetings whenever possible.

Maintain coughing and sneezing etiquette by covering mouth and nose with a tissue. Throw tissues in the trash - then wash or sanitize your hands before touching anything else.

Greet people with a wave, rather than a handshake.

Avoid hugs.

Wipe down your workstation daily with a disinfectant wipe, if available.

Clean and disinfect frequently touched objects and surfaces.

Avoid close contact with people who are sick.

Omega Alpha Academy is regularly cleaning and disinfecting the school to keep it as safe as possible.

3. SCREENING FOR COVID-19 SYMPTOMS

All individuals (including all students and staff) entering Omega Alpha's campus will have their temperatures taken before being permitted into the school. If a student or staff member has a temperature of 100.4°F (38°C) or higher, they will not be permitted to enter the campus.

In addition, employees are required to screen themselves for COVID-19 symptoms on a daily basis before coming to work.

Parents of students are required to screen their children for COVID-19 symptoms on a daily basis before the student comes to school. Students should also screen themselves for symptoms prior to leaving for school, as feasible.

COVID-19 symptoms can be found on this CDC website: <https://www.cdc.gov/coronavirus/2019-ncov/symptoms-testing/symptoms.html>. They include:

- Fever [100.4° F (38°C) or higher]

- Cough
- Shortness of breath or difficulty breathing
- Sore throat
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell

Employees and students, or parents of students, are required to notify Mr. Frisby immediately if they have symptoms of COVID-19, have been exposed to a positive case of COVID-19, and/or have tested positive for COVID-19. Such employees and students must stay home until the conditions set forth in the next section are met.

4. WHEN TO DISCONTINUE HOME ISOLATION

Employees, students, and parents of students must visit the CDC website <https://www.cdc.gov/coronavirus/2019-ncov/if-you-are-sick/end-home-isolation.html> for the most up-to-date information on when to discontinue home isolation.
