Mr. Jose A. Frisby
Executive Director/Principal

Dear Omega Parents/Guardians,

You may well remember that just a couple of days ago, Omega had students tested for COVID. It was very fortunate that we did. We learned that the testing found two positive student tests. Immediately upon learning of the two positive tests, we quarantined the two students and contacted our local health department. The students were immediately quarantined and were sent home.

It was fortunate that the testing did find the two positive students. We received the information, from the Cochise County Health Department, just a short time before we let our students go home for the day. The Delta variant infection rate is growing, and we are hoping that we do not have to quarantine additional grades. We will inform you immediately should anything change.

Having stated this, we regret to inform you that both our 6th grade class and our 7th grade class will not be allowed on campus for a duration of 10 days. Even though the two classes will be quarantined for ten days, they will still be receiving recorded lessons from their respective teachers.

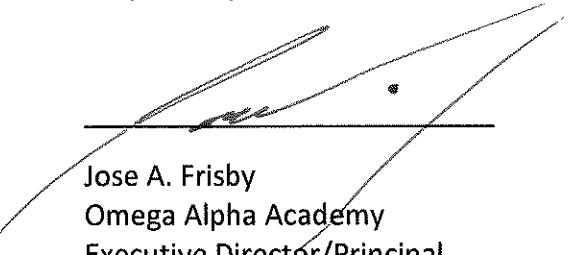

For those students that were in close contact with the infected students (within 3 feet), for a period of 15 minutes or greater, the Cochise County Health department gave us three options which are:

- 1. A 14-day quarantine.
- 2. A 10-day quarantine with the option to return on the 11th day with the requirement that all students continue wearing their masks (on until the 14th day has passed).
- Or lastly, having all students test negative on day 5 of the quarantine and return on day 8.

We regret to inform you that we had to take such actions. Should you have any additional questions, please do not hesitate to give us a call.

We thank you for your understanding.

Respectfully,

Jose A. Frisby
Omega Alpha Academy
Executive Director/Principal

“The Mission of Omega Alpha Academy is to prepare students for college and career readiness, by engaging every student in a rigorous learning environment. The annual assessment test, such as the Galileo, will be measured by showing an increase of three percent on overall performance growth.”

Estimados padres / tutores de Omega:

Es posible que recuerde que hace solo un par de días, Omega hizo que los estudiantes realizaran pruebas de COVID. Fue muy afortunado que lo hiciéramos. Nos enteramos de que la prueba encontró dos pruebas de estudiantes positivas. Inmediatamente después de enterarnos de las dos pruebas positivas, pusimos en cuarentena a los dos estudiantes y nos comunicamos con nuestro departamento de salud local. Los estudiantes fueron inmediatamente puestos en cuarentena y enviados a casa.

Fue una suerte que las pruebas encontraran a los dos estudiantes positivos. Recibimos la información, del Departamento de Salud del Condado de Cochise, poco tiempo antes de dejar que nuestros estudiantes se fueran a casa por el día. La tasa de infección de la variante Delta está creciendo y esperamos no tener que poner en cuarentena grados adicionales. Le informaremos de inmediato si algo cambia.

Habiendo dicho esto, lamentamos informarle que tanto nuestro; La clase de sexto grado y nuestra clase de séptimo grado no se permitirán en el campus por una duración de 10 días. Aunque las dos clases estarán en cuarentena durante diez días, seguirán recibiendo lecciones grabadas de sus respectivos maestros.

Para aquellos estudiantes que estuvieron en contacto cercano con los estudiantes infectados (a menos de 3 pies), por un período de 15 minutos o más, el departamento de Salud del Condado de Cochise nos dio tres opciones que son:

- Cuarentena de 14 días.
- Una cuarentena de 10 días con la opción de regresar el día 11 con el requisito de que todos los estudiantes continúen usando sus máscaras (hasta que haya pasado el día 14).
- por último, hacer que todos los estudiantes den negativo el día 5 de la cuarentena y regresar el día 8.

Lamentamos informarle que tuvimos que tomar tales medidas. Si tiene alguna pregunta adicional, no dude en llamarnos. Gracias por su comprensión.

Respetuosamente,

José A. Frisby
