Executive Director/Principal

Thursday, January 6th, 2022

Dear Omega Parents/Guardians/Family:

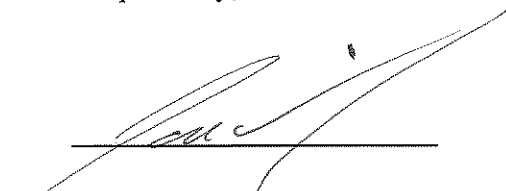

As has been the custom, every Tuesday and Thursday we have Embry Health come to our school to conduct COVID testing on staff and students. The results this time are quite pronounced. We had a total of SEVEN classes that have been quarantined. We are pretty much similar to the national trend, as far as positive cases. Consequently, just as with the previous letters, the purpose of this letter is to inform you of said closures. Upon revision of the results, we have found seven classes the require being placed on quarantine. The grades are: 1st, 3rd, 5th, 6th, 9th, 10th, and 12th. We have also found positive results from a few of our staff members.

As you may know, we now have the Omicron variant which is highly contagious. Because of this, it is very important that we follow the COVID safety guidelines as much as possible. We are working really hard to follow the recommended protocols.

As of today, January 6th, 2021, our 1st, 3rd, 5th, 6th, 9th, 10th and 12th grades will not be admitted on campus and will be quarantined for the next 10 days as the Center of Disease Control and Prevention (CDC) now recommends. Students will proceed to take online classes at their regularly scheduled time. We expect to have our students back on campus next Friday, January 14th, 2021.

We regret any inconvenience this may cause.

Respectfully,

Jose A. Frisby
Omega Alpha Academy
Executive Director/Principal

“The Mission of Omega Alpha Academy is to prepare students for college and career readiness, by engaging every student in a rigorous learning environment. The annual assessment test, such as the Galileo, will be measured by showing an increase of three percent on overall performance growth.”

Jueves 6 de enero del 2022

Estimados padres / tutores / familia de Omega:

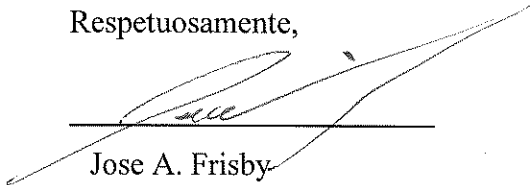

Como ha sido la costumbre, todos los martes y jueves, Embry Health viene a nuestra escuela para realizar pruebas de COVID en el personal y los estudiantes. Los resultados esta vez son bastante pronunciados. Tuvimos un total de SIETE clases que se pusieron en cuarentena. Somos bastante similares a la tendencia nacional, en cuanto a casos positivos. En consecuencia, al igual que con las cartas anteriores, el objeto de esta carta es informarle de dichos cierres. Tras la revisión de los resultados, hemos encontrado siete clases que requieren ser puestas en cuarentena. Los grados son: 1º, 3º, 5º, 6º, 9º, 10º y 12º. También hemos encontrado resultados positivos de algunos de los miembros de nuestro personal.

Como sabrá, ahora tenemos la variante Omicron que es altamente contagiosa. Por esto, es muy importante que sigamos las pautas de seguridad de COVID tanto como sea posible. Estamos trabajando muy duro para seguir los protocolos recomendados.

A partir de hoy, 6 de enero de 2021, nuestros grados 1, 3, 5, 6, 9, 10 y 12 no serán admitidos en el campus y estarán en cuarentena durante los próximos 10 días como el Centro de Control y Prevención de Enfermedades (CDC) ahora recomienda. Los estudiantes procederán a tomar clases en línea a la hora programada regularmente. Esperamos tener a nuestros estudiantes de regreso en el campus el próximo viernes 14 de enero de 2021.

Lamentamos cualquier inconveniencia que esto pueda causarle.

Respetuosamente,

Jose A. Frisby
